Action to be taken: I move the board adopt Resolution No. 1129 authorizing the Superintendent to enter into an Interlocal Cooperative Agreement with the Renton School District No. 403 to describe the arrangement to combine funds allocated for eligible private school students.

The Renton School District No. 403 is a public school district located in the State of Washington. The purpose of this interlocal agreement is to describe the arrangement designed to combine funds allocated for private school children in all participating areas to create a pool of funds from which the Local Education Agency will provide equable services to eligible private school children who are in the greatest educational need of those services and who reside in participating public school attendance areas.

Jake Kuper will be present to respond to any questions.
