

**Cascadia in the High School (CIHS)
INTERAGENCY AGREEMENT BETWEEN
Cascadia College
And
Issaquah School District**

THIS AGREEMENT is made and entered into by and between **Cascadia College**, hereinafter referred to as the "College," and the Issaquah School District, hereinafter referred to as the "District."

IT IS THE PURPOSE OF THIS AGREEMENT to provide: a collaborative dual credit program (CIHS), pursuant to RCW 28A.600.290 that offers qualified high school students the opportunity to concurrently earn college credit and high school credit for qualified advanced high school course(s) deemed equivalent to Cascadia college course(s). A successful partnership will require ongoing collaboration and communication between the College and high school instructors. The list of courses approved for this year (2020-21) is attached to this agreement.

THEREFORE IT IS MUTUALLY AGREED THAT:

STATEMENT OF WORK

A. The conditions of this agreement are:

1. In order for high school students to be eligible and enrolled in the CIHS program, they must subscribe to and be accountable for all regular Cascadia policies and regulations regarding student performance, course prerequisites, and placement by high school transcript evaluation, Smarter Balanced Assessment (SBA) Scores, or ACCUPLACER scores pursuant to WAC 392-725-130. Students are subject to CIHS fee refund, withdrawal and course add/drop policies.
2. Eligible student means the student meets the definition of an enrolled student pursuant to WAC 392-121-106 and has been deemed to be a tenth, eleventh or twelfth grade student. Cascadia requires parent/guardian and high school instructor approval for participation.
3. The District and the College shall independently have and exercise exclusive jurisdiction over academic and discipline matters involving a student's enrollment and participation in CIHS course of, and the receipt of services and benefits from, the District or College.
4. Violations of student code of conduct will be reported to Cascadia and adjudicated through the high school policy and process.
5. All CIHS courses taught as part of this agreement will be courses approved by the Cascadia Student Learning Council and/or Chief Academic Officer. Courses should be identified on the basis of student need and ensure maximum transferability, e.g. "&"

common course designations. Low enrolled courses (fewer than 10 registrations) *may* be dropped by the College the following year.

6. All CIHS courses taken by high school students must be college level, included in the college's catalog, and taught as part of the college curriculum. Cascadia's CIHS courses are designated academic, not career and technical (vocational) education (CTE). Courses cannot be approved/articulated for both CIHS and Tech Prep credit. The CIHS course(s) must use the same grading and transcription policies that apply to courses in the regular curriculum. Cascadia belongs to the Tech Prep College Connections consortium for the articulation of CTE courses.
7. High school students will pay a fee of \$215 for each 5 credit course (\$43 per credit). Course fees are paid directly from the student to the College using the online registration system dualenroll.com.
8. Cascadia will not consider CIHS enrollments as eligible for state support and will therefore not count them as FTE's. The District will consider the students as regular state-supported high school FTE's and will provide the necessary approval for the students to enroll concurrently in Cascadia courses.

B. Cascadia will have the responsibility to:

1. Designate the Dean for Student Learning to be the CIHS administrator (Erik Tingelstad).
2. Ensure that student standards are met pursuant to WAC 392-725-130.
3. Ensure faculty standards pursuant to WAC 392-725-150 are met. Approve the academic credentials of each new high school instructor. Each instructor must meet the minimum qualifications established for Cascadia associate faculty posted on the college website. Minimum qualifications vary among academic subject areas.
4. Consult with the school district for any instructor non-compliance issues.
5. Ensure curriculum and assessment standards pursuant to WAC 392-725-140 are met. Assign a Cascadia faculty member as a liaison/mentor to work specifically with each high school teacher. The purpose is to articulate and ensure instructional and assessment integrity are comparable to the course as offered through the respective college academic department, course including but not limited to:

7. Cascadia will reimburse the District for a ½ day sub once annually for each high school instructor if required to visit campus during regular school hours.
8. Require high school instructors to complete a documented discipline specific professional development activity annually. A summary of the activity must be completed and submitted to the college by May 1 of each year.

9. Make program policies and information available on the college website.
10. Award college credit to high school students who enroll and successfully complete the CIHS course(s). The credit in the approved course(s) may be applied to a degree if the student attends Cascadia after graduation from high school. Each high school student is responsible for communicating with their intended transfer institution(s) prior to enrolling in CIHS to verify acceptance of dual enrollment credits.
11. Provide high school instructors with program information and registration processes, and provide written instructions/deadlines for all processes.
12. Provide an online registration method for high school students to register and pay (Dualenroll.com). High school teachers and other high school staff are not allowed to accept CIHS registrations or payments.
