I-728 Plan and PUBLIC HEARING - Rasmussen/Kuper

Action to be taken: Conduct a public hearing – no Board action is required.

The administration will present the I-728 funding plan to the Board (outlined below). Following the presentation, the Board will conduct a PUBLIC HEARING on the plan as required by law. Because the state legislature has eliminated all I-728 funding for local school districts for the 2010-11 school year, a lengthy discussion is not anticipated.
