1000 District Policy Series – Board

Action to be taken: I move the Board approve the updated Policy 1000 Series as presented.

The Administration has contracted with the Washington State School Directors' Association (WSSDA) for services to assist the district in the updating of the District policy manual.

Because the Board has adopted a Policy Governance system, the Board Policy Manual contains policy governance direction for Board leadership and the District policy manual provides for management of the district; however, there are some policies that pertain directly to responsibilities of the Board by RCW and those are being presented at this time. There may be individual other policies to bring forward as the comprehensive review continues, but this represents the series under Board of Directors.
