

**Issaquah School District  
Executive Limitations Monitoring Report**

**EL-8 COMMUNICATION AND SUPPORT TO THE BOARD  
Annual Internal – October 8, 2014**

*The Superintendent certifies that the District is in compliance with  
EL-8 with no exceptions.*

*The Superintendent shall not fail to appropriately inform and support the Board in its work.*

**Interpretation**

The Superintendent shall demonstrate a regular pattern of providing essential decision and monitoring information to meet the Board's work needs. This information is based on a reasonable anticipation of the work needs of the Board in cooperation with the Superintendent and the operations of the school District. Because the Board composition and informational needs change over time, this work will always be based on a dynamic set of understandings outlined in the Policy Governance structure established and followed by the Board.

**Evidence of Compliance**

- As the Superintendent, all information and support of Board meetings, the fulfillment of Board legal requirements, Board decision-making information and documentation, Board committee work and materials, Board official documentation and records, Board web page on the ISD website and communications, calendars, work flow, and meeting logistics have been prepared and submitted in accordance with Open Public Meetings Act and all Washington state codes and laws.
- Open Public Meetings Act and Public Records Act training was provided and attended by all current Directors and the Superintendent on July 31, 2014
- The Superintendent and Superintendent's Cabinet work together to make sure the Board is informed and updated on all matters of the District. Our Crisis Communication Plan continues to be updated and implemented to meet the challenges of mass media and new technological changes available to the public. The speed with which news and information travels today can present challenges when attempting to communicate with the Board before a story gets reported through mass media. The Superintendent and Cabinet have a Crisis Response Plan and District-Level Immediate Response system to address issues that meet the threshold of newsworthy events or crisis requiring Board notification. This plan includes our Board notification preferences as outlined in GP-5. This was last updated on January 14, 2014 when our Board composition changed as a result of having a newly elected Director.

Further, without limiting the scope of the above evidence the Superintendent:

1. **Shall not neglect to submit required monitoring data (BSL-4 Delegation to the Superintendent) in a timely, accurate, understandable, non-defensive and unbiased fashion, directly addressing provisions of Board policies being monitored and justifying his/her interpretation.**

### **Interpretation**

The Superintendent shall submit all monitoring reports on time with reasonable allowance for emergencies and unforeseen circumstances. Further, all data, information, and Board materials will be presented in a manner acceptable to the entire Board to support the Superintendent's interpretation.

### **Evidence of Compliance**

To date, all monitoring reports have been submitted on time and in accordance with the Board's published calendar (GP-4E). Also, an Ends and Executive Limitations calendar has been developed and it lists all monitoring dates scheduled for the entire year for both Board and Cabinet use. During the 2013-14 school year a new cycle was established for EL-3, EL-11 and EL-14. A practice has been implemented to note our conversation and suggestions for future work when Ends and ELs are monitored. In accordance with B/SL-4 and EL8.5, I will continue to suggest the Board and Superintendent spend future time in Work Study or Retreat settings continuing policy work on Executive Limitations (ELs) and Board Governance Policies (GPs).

To see posted monitoring reports: <http://www.issaquah.wednet.edu/board/policies/Default.aspx>

## **2. Shall not fail to report in a timely manner an actual or anticipated noncompliance with any policy of the Board.**

### **Interpretation**

The Superintendent's monitoring reports must truthfully and accurately alert the Board to any condition of current noncompliance or condition of noncompliance considered likely in the future, and should include a plan for incremental movement toward compliance in a reasonable timeframe.

### **Evidence of Compliance**

- All monitoring reports presented during the 2013-14 school year showed compliance with no exceptions.
- During the 2012-13 school year there was one monitoring report exception in EL-2 Treatment of People section #4 as it related to the Liberty High School Scheduling Committee and lack of clear communication around the committee parameters. During the 2010-11 there was one exception to EL-2 Treatment of People. The exception was caused by the timing of the final Office of Civil Rights (OCR) audit report conducted in the spring of 2011 when EL-2 was presented for monitoring. As recently as September 2011, OCR concluded its audit and found no bases for any complaints (see agenda 10-12-11 for follow-up report to the Board). In addition, a new Board calendar has been developed to more closely mirror the official school district calendar (July through June).

## **3. Shall not neglect to submit decision information required periodically by the Board or fail to inform the Board of relevant trends.**

### **Interpretation**

The Superintendent shall periodically provide information, data, and evidence of trends necessary for the Board to make informed decisions in the following areas:

- Student achievement data relative to Student Ends
- Annual district budget and monthly budget status reports
- Enrollment projections for annual and long-range planning
- Ballot measures both levies and bonds
- Capital facilities planning and management

- Bond sales and debt restructuring
- School boundary adjustments and revisions
- Real estate transactions
- Census data for balancing school board director districts
- Other information as needed or requested by the Board

### **Evidence of Compliance**

The majority of these items and matters arise on a cyclical basis. School Board minutes document information provided in support of the Board's work throughout the year. The Board and Superintendent also strive to be very transparent with all matters of the District and with the public. To the extent possible and legal, all of the above items are placed on the District Website under the appropriate headings. <http://www.issaquah.wednet.edu/board/agendasminutes.aspx>

- 4. Shall not fail to advise the Board of any incidental information it requires, including anticipated media coverage, threatened or pending claims or lawsuits and material internal changes.**

### **Interpretation**

Whenever humanly possible, the Superintendent will keep the Board informed of essential information to avoid "surprises." The Superintendent and Cabinet continually update and refine our Crisis Management Plan to address events of noteworthy information for the Board or fast developing media events that are out of our control. Because of the speed of communications through new technology and individual's ability to access mass media, updates to our plans are a continuous process. The Superintendent shall provide incidental information as agreed upon by the Board and Superintendent in some form of written guideline such as Board minutes, emails, work session notes, Linkage meetings minutes or notes, evaluations, contracts, Superintendent Updates, memoranda or other written means by which the Board clarifies in advance what information the entire Board requires.

### **Evidence of Compliance**

The Superintendent's routine communications (Superintendent updates, emails, text, phone calls, etc.) to the Board are designed to meet the "no surprises!" standard as it relates to litigation, personnel matters of a sensitive nature, personnel changes, matters likely to result in media coverage, student safety and welfare, and calendar of events and commitments to name just a few. To meet the requirements of this limitation, I am supported by my Executive Assistant Diane Ghanbari, Executive Director of Communications Lorraine Michelle, CFO Jacob Kuper, members of the Cabinet, and occasionally members of the Leadership team (building principals, directors and supervisors). Regular updates and emails document this information flow, including periodic updates to staff and department newsletters which are copied to the Board. Of note, many major decisions are communicated to the staff and public through the District website, E-news, and more traditional outlets including mass media.

- 5. Shall not fail to advise the Board if, in the Superintendent's opinion, the Board or any of its members are not in compliance with its own policies on governance process and Board-Superintendent Linkage, particularly in the case of Board or Board member behavior that is detrimental to the working relationship between the Board and the Superintendent.**

### **Interpretation**

The Superintendent has the responsibility to bring matters to the Board's attention, when in his opinion, any Board behavior is out of compliance with Board policies (see EL-8.5). The Superintendent shall handle all Board non-compliance in the same manner complaints are brought to staff and remedied, when and if possible, with the individual Board member(s) to which it applies. If an individual matter or the infraction is of the entire Board, it shall be brought to the attention of the Board as a whole.

EL-8: <http://www.issaquah.wednet.edu/documents/governance/EL8.pdf>).

### **Evidence of Compliance**

This requirement has not been used by the current Superintendent to date. When and if it is applied it will be at Board/Superintendent/Cabinet work study sessions and Board/Superintendent Retreats, and bi-monthly agenda planning with the Superintendent and Board President. When used properly, it effectively provides dialogue for improving policy governance and the roles of all participants. Our Board/Superintendent Retreat(s) have always provided the opportunity to devote time for this discussion and for Policy work on GPs and ELs.

## **6. Shall not present information in unnecessarily complex or lengthy form or in a form that fails to differentiate among information of three types: monitoring, decision preparation, and incidental.**

### **Interpretation**

The Superintendent shall submit all written and verbal reports/information in a manner which is short, concise, and to the point, distinguishing between reports to be used to oversee operations, to make decisions, or solely for informational purposes. Whenever possible, use website links to refer to information rather than providing lengthy handouts, etc.

### **Evidence of Compliance**

Superintendent Updates and Board Letters are short, concise and to the point. To date, the Superintendent has received no Board complaints regarding information prepared by staff that was unnecessarily complex or lengthy. We have added the Board to updates/newsletters from Teaching and Learning and Special Services. As Ends monitoring evolves, reports should be more concise and useful. Beginning in 2012-13 the format of all Ends Monitoring Reports was changed to embed evidence tables and links into the one monitoring document. More and more information and evidence is web-linked for easier access by the Board and community whenever appropriate.

## **7. Shall not fail to provide a workable mechanism for official Board, Board officer, or Board committee communications.**

### **Interpretation**

The Superintendent shall provide access to up to date technology to communicate effectively among Board members, Board committees, the community, staff, and the Superintendent. This technology provides access to district websites, email, and the worldwide web. I also interpret this to mean that the Superintendent will provide systems that will facilitate a reliable flow of information between the Board and Superintendent, Board President and Superintendent, and Board Committees and committee members (and staff).

### **Evidence of Compliance**

The Board has elected to go paperless at meetings and is using technology as a means to do so to the extent we can legally. The Superintendent and Board President also hold regular communications and

Board agenda planning meetings to ensure well planned and productive Board meetings. The Board has procedures to gather email communication and publicly report out. Also, the Board now has been issued Tablets (iPads and/or MS Surface) to do its work at Board Meetings and address all school related responsibilities.

**8. Shall not fail to deal with the Board as a whole, even when fulfilling individual requests for information.**

**Interpretation**

Five individual elected board members comprise “the Board.” If the Superintendent provides information which has been requested by one Board member, it shall be provided to all Board members as appropriate. I further interpret this to mean requests or direction from one Board member shall not be treated as directive from the Board, but rather redirected to the Board as a whole for consideration. However, when “the Board” has made a decision to direct the Superintendent, it shall become the work of the Superintendent to comply and accomplish the directive.

**Evidence**

Upon direction from the Board as a whole, information and materials are provided and distributed electronically the same way, at the same time, to all members. Additionally, Board files are kept in the Superintendent’s office to provide for traditional mailed materials and correspondence. With new and updated technology, most postal mail is electronically scanned (the Board received a scanned letter regarding the Superintendent’s recommendation to close Tiger Mountain Community High School that came into the office through the U.S. mail) and delivered via email and all email is forward to all Board members.

**9. Shall not fail to supply for the Board’s consent agenda, along with applicable monitoring information, all decisions delegated to the Superintendent yet required by law, regulation, or contract to be Board-approved.**

**Interpretation**

The Superintendent shall advise and include consent agenda items that fulfill the Board’s legal, contractual and regulatory responsibilities. I also interpret this to mean that if the Superintendent complies with all of the Board GP, B/SL, and Executive Limitations he is free to lead the district in an appropriate and professionally sound manner as stated in B/SL-4.

**Evidence of Compliance**

All administrative policies, personnel actions, contracts, and other actions requiring Board approval are routinely placed on the Consent Agenda for Board action. Background information, Board Reports, Superintendent Updates, Works in Progress, and monitoring reports of Ends and Executive Limitations material are also provided in advance to prepare the Board for action at all regularly scheduled Board meetings.

**10. Shall not fail to advise the Board of significant transfers of money within funds or other changes substantially affecting the district’s financial condition.**

**Interpretation**

The Superintendent shall advise the Board of significant transfers of money within any of the five identified budget categories. The Superintendent will also provide the Board with a monthly financial

status report and other financial documents as appropriate. The monthly budget status reports will be regularly included on the Consent Agenda.

### **Evidence of Compliance**

The following documents serve as evidence of EL 8.10. These include, but are not limited to:

- The monthly budget status reports
- Financial monitoring reports
- Audit reports
- Bond and levy committee work and presentation
- Budget extension presentations when necessary
- Boundary (BRC) Committee work
- Frequent construction updates and change orders
- Systems related to bids and purchasing

### **11. Fail to establish a procedure for informing the Board in a timely manner of the administrative disposition of complaints presented to the Superintendent by the Board.**

#### **Interpretation**

The Superintendent shall develop and implement procedures to inform and advise the Board of the handling of community concerns and complaints.

### **Evidence of Compliance**

Evidence is provided to satisfy EL 8.11 through the following processes:

- Superintendent Works in Progress presented at all Board meetings  
<http://www.issaquah.wednet.edu/board/agendasminutes.aspx>
- Superintendent updates with the Board Letter on Friday before a regularly scheduled Board Meeting
- Confidential reports to the Board in Executive Sessions
- Emails to the Board
- Accumulating and summarizing communications directed to the Board which is prepared for reporting at board meetings.
- Annual monitoring of Executive Limitation 3 Personnel Administration.

### **12. Fail to inform the Board in advance of any deletions of, additions to or significant modifications to any instructional programs.**

#### **Interpretation**

The Superintendent shall develop and implement procedures to inform and advise the Board of instructional and curriculum changes in the district.

### **Evidence of Compliance**

As Superintendent I have developed communication systems and practices listed elsewhere in this report and EL-14. I am always open to Board suggestions and exploring new ways to improve education in the District through innovative approaches and sound educational delivery systems. As an example, the following is just a few of the innovative approaches we are implementing: Lego Robotics Kits and Science Sensors and Probes for the Science Tech Programs, Sage Program and MERLIN Program, Partnering with Columbia University Teachers College to provide a new approach to teacher professional development, introducing new data aggregating software system (HomeRoom) for staff to

use in analyzing student achievement data and to support the goal of development and tracking for student growth in the new evaluation system, implementation of a middle school advanced science pathway that allows students to take high school credited Biology in eighth grade, seventh period On Demand at IHS and SHS and expanding summer school options.

It is the Superintendent's responsibility to assign management tasks relative to this element and monitor their successful implementation using both formative and summative methods. It would be repetitive to re-list previously listed reports and systems.

As Superintendent, I am committed to improving transparency wherever possible in the District. This will include curriculum, assessment and instruction initiatives, evaluation work, calendar updates and activities, sharing of assessment data, etc. This continues to be provided through the use of the District's website and Enews.

### **13. Inform the Board of any significant changes in District policies, deletions, additions or amendments.**

#### **Interpretation**

The Superintendent shall develop and implement procedures to inform and advise the Board of significant changes to any and all District policies. I further interpret this to mean that the Board wants to be in the communication loop and that we honor the "no surprise" rule.

#### **Evidence of Compliance**

All new District policies and modifications to existing policies have been communicated to the Board through various means including but not limited to:

- Superintendent Works in Progress presented at all Board meetings
- Superintendent Updates
- Confidential report to Board in Executive Session specifically pertaining to topics outline in state law, RCWs and WACs
- Emails to the Board

The plan for 2014-15 school year is to continue updating and revising District policies as needed and as laws change and provide them to the staff and public on the District website for public access.

*Board approval:*
