Policy Clarification on EL-10 Structure of Schools, Section 3 – Board

Action to be Taken: I move the Board accept Policy EL-10 Structure of Schools as presented.

History of Policy Work on EL-10:

- May 25, 2011 Board Director Chad Magendanz proposed that the Board consider adding a third section to EL-10 and presented new language. This new language was included in the published board agenda. After discussion, the consensus was that the Administration would help develop the new section with Board input and bring a draft to the June 8 meeting.
- June 8, 2011 New language, as proposed by Administration, was presented in the published board agenda with the new language of section 3 printed in red: *Select bell times that meet district and state requirements while achieving a reasonable balance between the instructional (academic) needs and the co-curricular and extra-curricular activities of students at a reasonable cost.* The Board considered this a first reading, with action expected during the June 22nd board meeting.
- June 22, 2011 The Board unanimously approved the change to EL-10 section 3. However, the language in the published board agenda was not the language stated above during the June 8th meeting. The Board had intended to approve the language as printed in red.
- May 27, 2015 The error in the June 8, 2011 published board agenda was recognized by Board President Anne Moore. The version of EL-10 Structure of Schools that has been posted to the website is believed to be the version that was intended to be approved. In addition, this is the version that has been monitored by the Board (attached for reference).
