

**ISSAQUAH SCHOOL DISTRICT  
RESOLUTION 1218  
Declaration of Emergency – Emergency Flood Remediation**

**WHEREAS**, Issaquah School District No. 411 (the District) is a public school district duly organized and existing under and by virtue of the Constitution and laws of the State of Washington; and

**WHEREAS**, sub-freezing temperatures January 14-16, 2024 resulted in frozen sprinkler lines which caused burst pipes and flooding at Briarwood, Cedar Trails, Creekside and Newcastle Elementary Schools, the District determined that the situation presented a condition likely to result in immediate physical injury to persons or to property of the District in the absence of prompt remedial action; and

**WHEREAS**, time constraints for the repairs did not allow for this work to be awarded through a competitive bid process; and

**WHEREAS**, the Issaquah School District has worked with Washington Schools Risk Management Pool on the appropriate steps to be taken to respond to this emergency;

**NOW, THEREFORE, BE IT RESOLVED** by the board of directors of Issaquah School District No. 411, that the conditions prescribed in RCW 28A.335.190(6) are deemed met, and District staff are directed, without the use of formal bidding requirements, to take such actions as necessary to respond to the flooding at Briarwood, Cedar Trail, Creekside and Newcastle Elementary Schools in a timely manner, to include but not necessarily limited to entering into contracts with such persons and firms on such terms and conditions as they see fit in an effort to minimize the damage and impact of the flooding at those elementary schools.

**ADOPTED** by the Board of Directors of the Issaquah School District this 25th day of April, 2024.

**ISSAQUAH SCHOOL DISTRICT  
BOARD OF DIRECTORS**
