2022 Capital Levy Repurposing of Funds – Tow-Yick / Turney / Engels

ACTION TO BE TAKEN: I move the Board adopt Resolution 1222 providing for the repurposing and redirecting of funds from the 2022 Capital Levy in the amount of \$44,000,000 to construct high school vestibules, acquire and equip an early learning center, purchase land for transportation facilities, and upgrade fire systems.

Voters in the Issaquah School District approved a \$141,390,000 four-year capital levy on April 26, 2022 to construct, renovate, improve and undertake critical repairs and expansion of new and existing facilities and improvements to technology equipment and training for safety, security, and efficiency.

A portion of the levy in the amount of \$44,000,000 was intended for the construction of a new comprehensive high school. This resolution repurposes those funds for the construction of secure vestibules at Issaquah High School, Liberty High School, and Skyline High School. Additionally, the funds will be used to acquire and equip an early learning center on the south end of the district, purchase land for expansion of the transportation facilities, and upgrade fire systems district wide.

The Administration will be available for Board discussion and questions.
