Capital Facilities Plan – Reaffirm Adoption - Kuper and Crawford

**Action to be taken:     I move the Board reaffirm, its adoption as stated in Resolution 1090 of the Issaquah School District 2017 Capital Facilities Plan and school impact fees.**

The Board of Directors, by Resolution 1090, reviewed and adopted the District's 2017 Capital Facilities Plan on May 24, 2017. The Capitol Facilities Plan submitted to the Board of Directors for affirmation on June 14, 2017 had a clerical error on page 17, School Impact Fee Calculations. The aggregate amounts in the corrected document remain unchanged and reflect the amounts in the draft approved by the Board of Directors on May 24, 2017. The corrected Capital Facilities Plan is attached.

Jacob Kuper and Steve Crawford will be available to respond to board questions.
